By UNBTim | September 17, 2017 | 0 Comment | Men's Underwear, Modus Vivendi Design

September 2017. Following a successful summer collection of impressive underwear and swimwear, **Modus Vivendi** is excited to welcome the **Desert Line** making an impressive debut. After an artistic reinvention, the classic **camouflage print**, is presented in the Desert Line with exciting enhancements and a spectacular new look for all pieces from briefs to hoodies.

Christos Bompitsos` inspiration, **the Greek wilderness**, from sandy landscapes to **rocky Mountains in Meteora Greece**, enabling the complete revamp of **the so called military style** will now offer the ideal accompaniment to Modus Vivendi` **'Lifestyle'**. This concept has already proven hugely successful, with highlights including the **Camo** brief and boxer. Committed to **high quality** and the **local manufacturing**, Modus Vivendi ensures the inclusion of local produce on all its products.

Meteora is a truly inspiring and sensational setting of overwhelming rock formations in Central Greece. These gigantic rocks are decorated with historical monasteries, (included in the World Heritage List of Unesco) which were built by monks who were previously hermits in the area, living in individual caves. This magical place has been used for some episodes of the series 'Game of Thrones'.

Designs include underwear, sportswear and streetwear featuring camouflage print. The Desert Line consists of jockstraps, tanga, bottomless, briefs, boxers (cotton elastane fabric); tanktops, shirts, singlets (light weight fabric); shorts, pants (light weight fabric); hoodie, fur pants (printed faux fur).

The Desert line is a true testament to the outstanding value offered by Modus Vivendi Lifestyle promise and **will wake up your will to fight for your way of life.**
